Projects

GeekBuying Ecommerce Clone

HTML, CSS, Javascript, Bootstrap, Material Icon

Features:

- Made fully responsive using external library Bootstrap
- Added cart feature fully functional and dynamic use
- Added currency converter to convert currency from euro

Time Period:

- Took 7 days to develop, during a construct week of MASAI
- A collaborative Project made by 5 teammates from MASAI

Github Profile Search using Github API

HTML, CSS, Javascript, Bootstrap, Material Icon

Features:

- Fully Responsive and dynamic; used bootstrap for styling
- Used Github's official API to fetch the account details

Time Period:

- Took 7 days to develop, as a solo project made by me
- An intensive effort to showcase a real good effort on UI

Experience

DigitalMentalism

Co-founder

Nov 2018 – Jan 2022

- A digital magic app selling company, which deals with magicians.
- Enhanced product experience according to users' feedbacks.
- Dealt with overseas clients and collaborated with professionals.
